## DomusVi Domicile acquires “Domidom Soins”

DomusVi Domicile has finalized, on January 13th, 2016, the acquisition of Domidom Soins, home nursing services' structure, with 537 authorized and financed nursing places, in Ile-de-France and Loiret area.

With this acquisition, DomusVi Domicile reinforces its leading position in home care and home nursing services in France, with 20 Nursing services agencies, vs 14 previously (among 46 services agencies).

The company “Domidom Soins” was founded in 2005. It aims at developing and managing Home Nursing care services. It has 126 employees and manages 6 agencies.

It is licensed to manage 537 Home nursing places, of which 40 specialized in Alzheimer disease.

With this acquisition, DomusVi Domicile is licensed to manage 1266 Home nursing places all over France.

Aymar Henin, CEO of DomusVi Group, indicates: “It’s an important acquisition for DomusVi Group because it contributes to increase the national home care services’ network in France, and to reinforce global care for elderly people and the synergies and complementarities between home care services and medical nursing homes.”
