

## PRESS RELEASE

---

Suresnes, March 15<sup>th</sup>, 2019

**DomusVi and Ackermans & van Haaren and Hervé Hardy (CEO and founder of Residalya) have entered into exclusive negotiations for DomusVi's acquisition of 100% of the share capital of HPA, the parent company of the Residalya group.**

The perimeter of the transaction planned includes 32 nursing homes and residential facilities across France, with more than 2,500 beds. Residalya has 1,700 employees and reported revenue of more than €120 million in 2018. The group owns the real estate of 12 facilities it operates and it is developing 3 new facilities that will open within the next 2 years.

The acquisition will allow DomusVi to consolidate its service offering in France by expanding its presence across the country and strengthening its network of nursing homes in areas where the group is already present.

The DomusVi and Residalya management teams will pool their expertise and common values to continue developing a range of quality care services for the elderly.

The relevant works councils of Residalya will be consulted in respect of the transaction, which remains subject to the approval of the French competition authority and other customary conditions precedent and is expected to be completed in the second quarter of 2019.
